

Universidad Austral de Chile

Conocimiento y Naturaleza

Faculty Position

The **Conservation, Biodiversity & Territory Institute** at the College of Forestry and Natural Resource Sciences of the Universidad Austral de Chile invites applications for a tenure-track faculty position.

Applicants should have expertise in at least one of the following areas of specialization: i) **Geospatial Analysis and Modeling of Natural Resources**, ii) **Land-use Planning**, and iii) **Biodiversity Conservation and Local Development** at the rank of Assistant Professor. The appointment is equally divided between the following duties: undergraduate- and graduate-level teaching, research, and services. Successful candidates will be expected to develop an externally funded peer-reviewed research program that achieves an international reputation in their area of expertise. Fundamental to these positions is working across disciplinary and institutions. The appointed faculty member will mentor and advise undergraduate, graduate students, and post-doctoral researchers, and teach courses in their area of expertise.

Minimum Qualifications:

- An earned Ph.D. in fields related to Environmental Sciences such as ecology, geography, earth sciences, biology, biostatistics, botany, wildlife conservation, or related discipline at the time of appointment.
- Demonstrated ability in conducting peer-reviewed research in areas of expertise with a corresponding publication record.
- Demonstrated ability and willingness to articulate science inside and outside the classroom to diverse audiences.
- Fluent in Spanish and English

To apply, please submit by email to conservacion@uach.cl

- Letter of intent and teaching statement
- Current CV
- Copies of your most relevant publications
- Two letters of reference

Applications should be sent to concursos@uach.cl with a copy to conservacion@uach.cl with "Código 272017" in the subject line. Review of applications will begin September 1st, 2017 and desired availability to start as of January 1st, 2018.
